weighted avg	0.90	0.90	0.90	134

Questions:

1. What is the percentage of overall performance? – 0.90

2. What is the correct performance of purchased? – 0.88

3. What is the correct performance of not purchased? – 0.92

4. What is the correct and wrongly classified performance of purchased? – 0.86

5. What is the correct and wrongly classified performance of not purchased? – 0.93

6. What is the overall performance of not purchased? – 0.92

7. What is the overall performance of purchased? – 0.87

8. What is the average performance of precision? – 0.89

9. What is the average performance of recall? – 0.90

10. What is the average performance of F1-measure? – 0.90

11. What is the sum of product of proportion rate (weight) of each class?

   Precision – 0.90; Recall – 0.90; F1-measure – 0.90

12. What is the total count in the test set? – 134

13. What is the total count of not purchased in the test set? – 85

14. What is the total count of purchased in the test set? - 49
